

MAKE SUGAR FREE  
NOW THE SCHEMESUCH A MOVEMENT SAID TO  
BE LIKELY.

The Democratic Caucus Decide to Put No Restraint on Conference—Nothing Definite Decided on—Disbarring Japs From Citizenship—General News.

WASHINGTON, Aug. 8.—Conservative democratic senators guardedly admit that there is a foundation for the report which was current about the senate yesterday that a movement may be made soon looking to putting sugar on the free list. One of them said that it was liable to come in the shape of a motion to discharge the tariff conferees and to have the senate recede from its amendments on sugar. He thought it was probable that such a motion would be made soon unless the conferees came to an understanding. The republican side of the chamber has been cautiously canvassed on this project. Chairman Wilson and Representative Breckinridge of Arkansas were at the white house for two hours last night, and the latest phases of the tariff situation were fully canvassed. Representative Outhwaite of the house committee on rules also saw the President yesterday.

No one seems to know what steps may be taken to-day by either the senate or the house. The Voorhees letter has complicated matters, and it may possibly result in the ultimate defeat of the tariff bill itself. The senate managers have every excuse for insisting on a report of disagreement, and this is among the possibilities of to-day or Thursday.

## DEMOCRATIC CAUCUS.

Will Not Instruct the House Conference at All.

WASHINGTON, Aug. 8.—When the doors had been closed and the usual precautions against leaks had been taken 166 out of 210 democrats were on hand ready for business in the caucus yesterday. House caucuses are town meetings, and it was but a few minutes before it was generally known that the President was practically sustained, and that the house conferees had committed themselves to the policy of holding out against the senate if it took a month.

The caucus was called to order by Chairman Holman. The roll-call disclosed the presence of 166 members. Mr. Bynum offered these resolutions: "1. That it is the sense of this caucus that the democratic conferees of the house and senate should meet in a spirit of liberality to the end that the two houses by mutual concessions may agree upon a measure which will meet with the approval of each. "2. That this caucus stands adjourned until 3 o'clock p. m. Friday, the 10th inst., at which time, in case no agreement has been reached, it shall reconvene to take such further action in the premises as it may deem necessary and appropriate, and the chairman of the house caucus is hereby authorized and directed to invite the democratic senators to meet with the democrats of the house at that time in joint caucus."

In his explanatory statement, which was a brief one, Mr. Bynum said that although there had been a clamor from a part of the press for the house bill, he believed that the overwhelming sentiment of the country was for the best possible bill that could be agreed upon. For himself, he preferred the senate bill to no bill, and as he interpreted the wish of the party it was for a tariff bill and prompt action. He had no sympathy with the stand taken by some members that it would be better to retain the McKinley bill than to substitute the senate bill for it.

When Chairman Wilson of the ways and means committee rose he was greeted with enthusiastic applause. He said the house bill seemed to be acceptable to the country, while the senate bill was not. He appreciated the necessity for the party in power to pass a tariff bill, but the necessity was equally imperative that the bill agreed upon should be essentially a measure of tariff reform, one that would be in fulfillment of party pledges, not one that would put the party on the defensive. Such a result would not be brought about by any action that would notify the senate that if it would hold out to a given date the house would instruct its conferees to recede. If the house democrats could propose any plan likely to sustain the house bill its conferees would welcome it.

Mr. Livingston of Georgia proposed a substitute for the Bynum resolution expressing the confidence of the house in its conferees and leaving the matter entirely in their hands.

Then followed a discussion of the position held by the senate and the prospects of agreement.

One of the Louisiana members argued that speedy action was necessary, that it was plain the senate would not yield, and proceeded to pay a high tribute to Senator Mills as a pioneer in tariff reform, and said that this conspicuous tariff reformer had personally assured him that it was the senate bill or nothing, and unless the senate soon recognized this all tariff legislation would fall.

While the discussion was going on Mr. Bynum offered to amend his resolution to extend the time, within

which it was designed to bring about action by the conferees.

Something of a sensation was stirred by the forging to the front of Speaker Crisp when the general debate was well under way. The speech of the speaker was temperate, but very forcible and its logic was so irresistible that at its conclusion Mr. Bynum, the mover of the resolution, withdrew his motion. The speaker deprecated the passage of any resolution at this time. The senate had not withdrawn its support from the senate conferees and the house should stand by its representatives. He gave it as his opinion that the conferees could reach an agreement within a couple of weeks at most, but they should not be harassed by a "back fire" from their own house.

The speaker's speech was received with manifestations of approval, and in conclusion he suggested that the caucus should adjourn. Inquiries were made regarding the status of negotiations upon sugar, coal, and iron, but no definite information was forthcoming. Speaker Crisp said that the senate bill was more highly protective in most of the schedules than the house bill, and that there were many points of difference to be settled and intimated that they were being settled, but that was as much enlightenment as the inquiring democrats obtained.

Finally, Mr. Bynum withdrew his resolution, explaining that he was satisfied with the representations made, and on motion of Speaker Crisp the caucus adjourned.

Japs Are Debarred from Citizenship. WASHINGTON, Aug. 8.—The house committee on judiciary voted yesterday to report against the admission of Japanese to citizenship.

## THROUGH A BRIDGE.

Railroad Wreck in Iowa Kills One Man and Injures Five Others.

DES MOINES, Iowa, Aug. 8.—A wreck, caused by a cinder dropping from a locomotive on a bridge at Peru, thirty miles south of here, and smoldering as to weaken one of the main stringers, occurred on the Chicago Great Western road last evening and resulted in the killing of Conductor John Haley of St. Joseph, and the injuring of Charles King and James Muldoon of Riverton, Ill., and T. W. McGinnis of Lovelake, Mo., all miners, and the engineer and fireman, whose names can not be learned.

## Blaze at Franklin, Ill.

JACKSONVILLE, Ill., Aug. 8.—The town of Franklin, in the south part of this county, was visited by a fire yesterday that nearly cleared the business portion out of existence. Nearly all the buildings being light frame structures and dry, the fire spread rapidly and as the town had no apparatus for fighting a fire everything in its wake was doomed. The citizens formed a bucket brigade and worked heroically and in three hours had the flames well under control.

## Big Rise in Grain Felt at Omaha.

OMAHA, Neb., Aug. 8.—The Omaha board of trade reports yesterday the most sensational market in the history of its grain business. It is asserted that every dollar that Chicago has made off country dealers for the last two years has been won back in the last three days. The net advance on corn yesterday was 6½ cents, wheat 3 cents, and oats better than 2 cents.

## Terrible Explosion Shakes the City.

LIMA, Ohio, Aug. 8.—Yesterday afternoon about 1 o'clock the Hercules Nitroglycerin factory, three miles west of the city, was blown to pieces by an explosion which shook the entire city and created much excitement in the western part of town. Fire followed the explosion and was close upon the magazine when discovered and put out.

## Strike Still On at Cincinnati.

CINCINNATI, Ohio, Aug. 8.—Local members of the American Railway union balloted yesterday morning on declaring the boycott off. The vote stood: Yeas, 224; nays, 254. This was somewhat of a surprise to railroad officials and to many of the strikers themselves.

## Lutheran Synod Adjourns.

CLEVELAND, Ohio, Aug. 8.—The Lutheran synod adjourned yesterday. At the afternoon session the treasurer submitted his report for the two years' term ending last April. The receipts were \$5,549 and the expenditures \$5,200, leaving a balance of \$329.

IT WAS A DEEP PLOT  
AGAINST TARSNEYBULL HILL MEN DID NOT TAR  
AND FEATHER.

Confession of Deputy Wilson—Prominent Colorado Men Implicated in the Outrage—Sheriff Bowers One of the Leaders—A Big Sensation in the Colorado Capital.

DENVER, Colo., Aug. 8.—The tarring and feathering of Adjutant-General Tarsney is developing into a sensation of the first magnitude. Instead of being the work of revengeful Bull Hill outcasts, the outrage is now shown to have been the result of a carefully planned plot on the part of Gen. Tarsney's political enemies. Men prominent in Colorado politics are implicated in the foul conspiracy, and many in high places are in danger of losing their liberty, for a time at least, for their share in placing the blot upon the state's fair name. Sheriff Bowers of Colorado Springs, who is very active in prosecuting the adjutant general for refusing to obey the subpoena to appear before the grand jury at that place, is not only named as one of the foremost members of the gang, but is charged with having released a murderer from the penitentiary in order to use him in carrying out the plot.

Gen. Tarsney is not the man to stick at half-way measures, and the downfall of the conspirators is freely predicted on all hands.

Joe R. Wilson, the El Paso county deputy sheriff who was captured by Adjutant-General Tarsney in Missouri, has made a full confession and given to Chief of Police Armstrong the names of all the men connected with the outrage. Wilson was brought back to Denver at noon yesterday by Officer Cross and spent last night in the city jail. On the train going to the Springs in the morning he weakened and told everything that he knew of the affair. In his history of the experiences of the eventful night the names of Sheriff Bowers, Deputy Sheriff Bob Mullins and Capt. Sawton, of the Colorado Springs militia company, were often mentioned. He confirmed the story that a murderer let out of the El Paso county jail was allowed to help put tar and feathers on Colorado's adjutant-general.

Every detail of the tar and feathers affair is now in possession of the Denver officers, and, however high a position the offenders may hold, they will ultimately be brought to justice. Wilson's confession clearly illustrates one point. That is that the crime was committed by the political enemies of Gen. Tarsney and that the criminals were not the outcasts of the Bull Hill army, but men of higher standing in the community.

## TO INVESTIGATE JUDGE RICKS.

Judiciary Subcommittee Will Introduce a Resolution in the House.

WASHINGTON, Aug. 8.—Steps were taken by the judiciary committee of the house yesterday for an investigation of the charges against Judge Augustus J. Ricks, by the Central Labor Union of Cleveland. Representative Bailey of Texas explained to the committee the memorial from the union, presented to the house by Representative Johnson and outlined the charges which it contains.

There was little discussion, the general opinion being expressed that the case was one which could not be ignored, since definite charges of financial shortage on the records of the court had been made. It was argued that no steps toward impeachment should be taken until more is known of the matter, and the case was referred to the subcommittee of which Representative Bailey is the chairman, with directions to report a resolution for investigation.

In accordance with the action Mr. Bailey will introduce in the house a resolution authorizing the judiciary committee to investigate the case. If the resolution is passed the investigation will probably be undertaken by the subcommittee.

## HISTORY OF THE STRIKE.

John Swinton Has the Story from the Labor Standpoint Ready to Print. NEW YORK, Aug. 8.—John Swinton has written a 60,000-word book in a period of a little over two weeks. It is all about the big strike at Chicago and is called "Striking for Life; Labor's Side of the Labor Question." The book has not yet been published, but it probably will be in a few days. It will have thirty-two illustrations, including portraits of Debs and other leaders and pictures and incidents of the strike.

## Boston Banker Missing.

BOSTON, Mass., Aug. 7.—Braggio Turko, an Italian banker, has disappeared and his bank is in charge of a keeper. Turko went away last Friday and his wife followed Saturday. This led to an uprising of the depositors who have \$20,000 in the bank, which forced a temporary suspension. It is said that Turko is in New York.

## She Honors the Emperor.

COWES, Aug. 8.—The queen gave a grand banquet at Osborne last evening in honor of the German emperor. Seventy covers were laid. When the emperor returned to his yacht, the Meteor, all the yachts lying near were illuminated out of compliment to him.

RAID OF THE MINERS  
WAS HARD TO CHECKMOB ON THE WAR PATH AT  
CARBON HILL, ILL.

The Sheriff With a Strong Posse Holds Them in Check—Arms Are Hastily Sent From Springfield—May Be Trouble Today if Officers Are Not Reinforced.

COAL CITY, Ill., Aug. 8.—Carbon Hill, a mining village, the seat of the Star Coal company's operations, situated one mile and a half from here, was at the mercy of a mob of several hundred dissatisfied miners yesterday. On three occasions the sheriff's deputies were summoned to No. 2 shaft and the miners at work were each time hurriedly hoisted to the top to stay the tide of the onward marching miners.

The armed deputies and miners took positions in the tower, but on each occasion the mob desisted approaching within gunshot. Later in the day the strikers held a meeting in the principal street of the village and voted to wreak destruction to life and property should the miners persist in going to work.

The peaceable miners voted to go down provided protection is given them. This will be done and a battle will certainly take place. Sheriff Daniels is on the ground and additional large number of deputies have been sworn in.

SPRINGFIELD, Ill., Aug. 8.—In accordance with a request of the sheriff of Grundy county Adjutant-General Orendorff last night sent to Coal City fifty stands of arms with which to arm the deputies on duty there.

PERU, Ill., Aug. 8.—The Union coal shaft resumed work yesterday after the long strike. The militia were held in readiness for service at the shaft all day.

SPRING VALLEY, Ill., Aug. 8.—The miners of this city yesterday voted to accept the Columbus scale, but under conditions that in all likelihood will be rejected by the company. A committee was appointed to go and present their proposition to General Manager Dakzell, but he would not receive them. The feeling here is very intense among the miners and businessmen over Manager Dakzell's refusal to meet a committee, and the chances are that the men will treat in the future, when important questions are at stake, only with President Taylor of Erie, Pa.

## LAST WEEK'S RECORD.

Generous Rains South, but Little in the Grain States.

CHICAGO, Aug. 8.—While lowland corn has improved somewhat during the week in Ohio, Indiana and Illinois, the showers that have fallen in those states have been insufficient to help the crops in the uplands. In Michigan, Iowa, Nebraska and South Dakota the condition of the corn, except over very limited areas, is more serious than was reported last week, and is being cut for fodder in South Dakota, Nebraska and Michigan. Throughout the southern states corn is reported as in excellent condition, and a fine crop is practically assured in South Carolina, Georgia, Alabama and Mississippi. Spring wheat is progressing rapidly and will be completed in South Dakota this week. In Minnesota the yield is better than was expected, but in North Dakota the berry has been shrunken by premature ripening.

## Gov. Matthews to Aid Militia.

INDIANAPOLIS, Ind., Aug. 8.—Gov. Matthews has decided to pay off with borrowed money the militia who were in service during the strike. In order to secure it he must give his own note, and has decided to raise it in this way, trusting to the legislature to reimburse him. The amount required is about \$45,000. He assumes the responsibility, he says, because many of the soldiers lost their work or are out of work, and if they are not paid they will be made the victims of the money lenders, who will cut their claims in two.

## Will Escort Japan's New Cruisers.

GIBRALTAR, Aug. 8.—The Japanese warship Satsuta from Newcastle arrived here yesterday en route to Japan. The Satsuta probably will escort the three fast vessels, fitted out as cruisers, which were recently purchased in England for the Japanese government. On the high seas these three vessels are to be transferred to the Japanese government and their equipment is to be completed in Japan.

## Nicaraguans Capture Bluefields.

COLEMAN, Mich., Aug. 8.—Forest fires are raging on all sides of this village, and thousands of dollars' worth of property and crops are being destroyed.

## BRIDGES SET ON FIRE.

Strikers Accused of Being Incendiaries—Conductor Shot At.

BRAZIL, Ind., Aug. 8.—Last night bridge No. 3, north of this city, on the Chicago & Eastern Illinois, and the bridge about two miles west of the city on the old Peavine, also a branch of the same system, were discovered to be on fire. This absolutely embargoed all traffic for twelve hours, when the north bridge was repaired sufficiently for use. It is a big loss to the company, and as two bridges were fired in the same night it is believed that it was done by strikers or their sympathizers.

Conductor Stevens of the south bound passenger train on the Chicago & Eastern Illinois was shot at last evening as his train was nearing Coal Bluff, a little mining town north of this city. The bullet closely grazed the conductor's head.

There have been fifty additional deputies sworn in and a strong effort will be made to hunt down the criminals.

## NEW MEN ASSAULTED.

South Omaha Packers Ask for Protection Against the Strikers.

OMAHA, Neb., Aug. 8.—All the packing houses at South Omaha were working with a half force yesterday. The strikers have formed a picket line which extends around all of the packing houses and when the men start to work or leave the houses they are taken in charge by the pickets. Where argument has failed to keep the men from work they have been assaulted in numerous instances and badly beaten.

The managers have appealed to the city authorities for additional police protection. They claimed that many of their old men had expressed a desire to return to work, but feared to do so because of violence.

## KILLED BY THE HUSBAND.

George Wechselberger Shot Down By Oscar Felsch at Chicago.

CHICAGO, Aug. 8.—About 7:30 o'clock this morning George Wechselberger, a plumber, living at 2 Connor street, was shot through the heart and instantly killed by Oscar Felsch, an enraged husband, at the corner of Clybourn and Cleveland avenues. Felsch is a barber and lives at 639 Diversey street. Of late he has been out of employment. He and his wife have disagreed for some time and lived apart, she residing at 9 Goethe street. It is said that Wechselberger and Mrs. Felsch are well acquainted and Felsch's jealousy because of their friendly relations is said to be at the bottom of this morning's murder.

## Big Boom in Corn.

CHICAGO, Aug. 8.—Professional corn shorts on the board of trade were routed horse and foot yesterday morning in a flurry of excited trading, which added nearly 7 cents to the September option. A 7-cent advance under any circumstances would be discouraging to the bears, but such an appreciation as a climax to a boom which has advanced the property 33½ per cent in fifteen trading days caused a wild break for cover. The September closed at 59½ and wheat at 37½.

## Request Gov. Nelson to Intervene.

ST. PAUL, Minn., Aug. 8.—Gov. Nelson was visited by a committee of the American Railway Union yesterday, which requested the governor to use his influence, in all honorable ways, to secure the reinstatement of as many of the 2,500 railroad men now idle in St. Paul as possible. The governor said he could not interfere.

## Both Sides Claim Alabama.

## Santo Makes No Appeal.

PARIS, Aug. 8.—No appeal has been made for Santo Caserio, the convicted murderer of President Carnot. As the time for revision of judgment is now passed, the documents were sent to Paris to-day. The execution will take place probably in about two weeks.

WALL PINS HIS HOPES  
TO GOVERNOR PECKWHY HE THINKS A RENOMINATION  
IS PROBABLE.

It Is Plain that the Democratic Chairman thinks Little of John Hunner's Candidacy and that the Sunsets in Milwaukee Are Not As Rosy this Year.

MILWAUKEE, August 8.—Governor Peck is fixing things so that he will be "forced" to make the run again this year. A hint of this kind is given in E. C. Wall's talk.

"Governor Peck is not a candidate for renomination," said Mr. Wall.

Then Mr. Wall proceeded to hedge

lightly by remarking:

"At least I don't think he is. Circumstances might make it necessary for the governor to put aside his personal interests in the matter and accept a re-nomination against his will."

"What have you to say regarding John Hunner's candidacy?"

"I cannot enlighten you on that point."

"Do you expect to win this fall?"

was asked.

"If we had good times during the past year," said Mr. Wall, "we would carry the state this fall by 75,000. But we shall beat them anyway."

Mr. Wall admitted that the labor vote would greatly increase the populist strength, but he did not think it strong enough to defeat the democrats. He said that Governor Peck's administration had been the best the state had ever had, and he thought that the democrats would win with that record as the only campaign document. Mr. Wall apparently believes the only chance the democrats have is in the renomination of the present governor.

## IN THE HANDS OF A MOB.

Great Damage Done to Property in Quebec—Troops Ordered Out.

QUEBEC, Canada, Aug. 8.—This city is in the hands of a mob. The Protestant mission houses have been wrecked in three different parts of the city by a body of rioters, variously estimated at from 2,000 to 5,000, and the police here could not, or would not, make a single arrest. The mob was altogether French Canadian. They were inflamed by the utterances of a French paper describing a mission house in the French-Canadian suburbs of St. Roch as a Salvation Army barracks, and by reference to murderous assaults committed in Quebec some years ago.

They sacked the French mission house of the Anglican church and hurled stones at the Salvation army barracks before the police. The damage of property is heavy and the terrorism existing among the missionaries is very great. The whole police force is kept under arms and it is reported that the Royal Canadian artillery is confined to its barracks in the citadel and that ammunition is being served out. The mayor has promised protection to the missionaries if they should resume their meetings.

## MISS ORMSBY MAY DECIDE TO REMAIN

HER RESIGNATION HAS NOT  
BEEN ACCEPTED.

Effort Will be Made to Induce Her to Remain as Principal of the Washington School—Several New Teachers Named Last Night—A New Committee.

Miss Ormsby's resignation was not accepted by the board of education last evening. Correspondence is in progress with a view of inducing Miss Ormsby to reconsider her resignation and remain as principal of the Washington school. All the members of the board are desirous of retaining her services in the schools, and Superintendent Mayne was of the opinion that Miss Ormsby could be persuaded to stay. The matter was left in the hands of the superintendent and committee on teachers.

Very little was done in relation to the plans for the new high school building. The special committee on plans made a verbal report, stating that the plans would be prepared by Architect Holbrook of Milwaukee, following the general plan of the building at Frankfort, Indiana, with such interior changes as had been suggested by the superintendent and board.

Permanent Committee on Heating. A special committee on heating and ventilating the new building was made a permanent committee.

On recommendation of the committee on teachers, Miss Amy Bowles, first grade of the Jefferson school, was transferred to the first grade of the Washington school in place of Miss Eva M. Bryan, resigned. Miss Emma Crockstock was employed as a new teacher, and assigned to the first grade of the Jefferson school, vice Miss Bowles transferred; Miss Ida Smith was also employed as a new teacher, and was assigned to the third grade of the Douglas school, vice Miss Maud Fuller, resigned.

The fall term of the city schools will open Monday, September 17, and continue for fourteen weeks.

Bills aggregating \$250 were audited, and the board adjourned, all the commissioners being present except Commissioner Weisend.

### HOT AND GETTING HOTTER.

The Weather Is Utterly Demoralized—No Rain in Prospect.

The weather has fallen into a mean way of late of disregarding Professor Moore's predictions. It is not only hot, but it promises to grow hotter. Temperatures have gone up in the west and that means that in due time they will go up here. A low was located in the northwest and a high in the southeast and while the combination lasts the weather will be warm. There is no sign of rain.

The crop bulletin issued today repeats the story of last week of drouth and burning crops. Light frosts occurred on the morning of the third in a few counties, but no damage was done.

### STRUCK ON JANESVILLE GUESTS.

Walters at Devils Lake Refused to Serve Dinner Yesterday.

Volunteer waiters led the Janesville excursionists at Devil's Lake yesterday. All of the girls employed at the Cliff house went out on a strike. Besides one hundred and fifty guests the excursion from Janesville was deemed sufficient for double wages, they thought, but the proprietor, W. B. Pearl, refused to pay their price. Young men guests at once offered to help Landlord Pearl out of his predicament, and in a short time the volunteers had charge of the dining room.

MILTON JUNCTION, Aug. 7.—The King's Daughters Circle of Milton Junction, will give a Longfellow social at the I. O. O. F. hall Thursday, August 9, 1894. Admission to entertainment 15 cents, children 10 cents. Ice cream and cake will be served from 6 until 11 o'clock. Curtain rises promptly at 8 o'clock. Mr. and Mrs. A. E. Green of St. Paul, are visiting friends here. They have spent the last six months in California. Mrs. Martin Field's sister, who is visiting her, has been quite sick the past week. Charles Holmes has had a son visiting him the past week. Mr. Salto of Chicago, visited his wife and baby at Mr. Miner's over Sunday. Rev. S. W. Burdick preached at the Methodist church at Milton, Sunday. George K. Butts and family and Mrs. Mary Babcock are at Lake Geneva this week. Miss Hettie Henderson is spending the week with her sister, Mrs. Ed. Nichols. It is very quiet this week the "band boys" are at Lake Geneva. Mrs. Vanlone and daughter spent Friday and Saturday visiting friends at Hebron. Mr. and Mrs. Fred Clark of Chicago, Charlie Clarke and Mr. Walters of Walworth visited at Charles Clarke's the past week. Mrs. Miner has friends visiting her from out of town. W. H. H. Coon and wife of Utica, spent Sunday night in town and took the early morning train enroute to Brookfield. N. Y., to attend the Seventh Day Baptist general conference which convenes August 15. The immediate relatives of Mrs. E. D. Coon made her a surprise party Friday afternoon, it being her forty-third birthday and also Baby Mary's third birthday. There were twenty-six took supper with them. A jolly good time was had. Miss Alice Babcock of Chicago has been quite sick at the Tillman Park Hotel. Mrs. Babcock is own cousin to F. L. and R. Burdick. Dayton Coon, wife and two daughters of Utica, visited relatives here Friday and Saturday. George W. Coon brought home a new safety for his son Ross last Friday night. Mr. Coon has been in Illinois for the past two weeks. Mr. and Mrs. David Stark of Utica, visited friends in this vicinity the past week. Shouldn't wonder if there would have to be a new fence at Bert Button's new house before the season is over. It seems a very handy place at which to watch the progress of the building, which, by the way, is going to be a handsome ornament to the town. Pat Kelley and wife of Whitewater, were calling in town Monday. Mr. Kelley used to be operator here. The new carpet for the S. D. B. church has arrived, but things are at a standstill waiting for the men to finish frescoing, which it seems might be done these cool days. The S. D. B. Aid society meets with Mrs. E. D. Coon Thursday.

## A MODERN LOVE TALE IN TONIGHT'S PLAY

THE CHARITY BALL HAS A  
POWERFUL PLOT.

Complications that Arise from a Young New Yorker's Ambitions Furnish the Basis For the Story—Brief Sketch of the Belasco and DeMille Masterpiece.

The present season gives much promise in the theatrical line, and tonight comes "The Charity Ball" that most excellent attraction, with Gustave Frohman's Company, by special arrangement with the New York Lyceum Theatre management. The story of "The Charity Ball" will interest those who have seen it, as well as those less fortunate. Dick Van Buren and Phyllis Lee are, or rather have been lovers unknown to Dick's family, and it is his duty to make the girl his wife. In fact he really loves her, but he is determined to sacrifice everything in order to rule in the world of finance and to that end resolves to marry Ann Cruger, the daughter of Franklin Cruger, the Wall Street magnate. Fate leads Ann Cruger to fall in love with John Van Buren, rector of St. Mildreds and Dick's brother, who by the way, has turned his fancies toward Phyllis. Phyllis, ignorant of the fact, confesses her sad story first to Ann Cruger and then to the young clergyman. The latter demands the name of the man who has deserted her, and learns that it is his own brother. He commands the speculator to atone for his wrong; Dick refuses and the brothers have almost come to blows when their blind mother appears upon the scene. She knows nothing of the altercation, but her presence brings Dick to his senses and he throws himself at the feet of Phyllis. Later on, the rector and Ann are united.

Telling as it does, a pretty story of cross purposes in love, after the modern fashion, "The Charity Ball" claims undivided attention from beginning to end, and presenting a varied array of characters—men and women moved by passions with which we are familiar. It is undoubtedly the strongest and best effort that ever resulted from the united pens of the late Henry C. DeMille and David Belasco.

### RAILROADS MAKE CONCESSIONS.

Wisconsin Knights of Pythias Going to the Washington Conclave.

Difficulties about transportation that threatened seriously to prevent the attendance of Wisconsin Knights of Pythias upon the coming conclave of the order at Washington has been adjusted. Agent Potter, of the Chicago & Northwestern road was yesterday notified of action by the Western Passenger association changing the dates upon which excursion tickets will be honored so as to allow of the Knights starting from Janesville on August 24 and 25 and on the morning of August 26. Brig. Gen. L. W. Halsey of the Knights of Pythias yesterday issued an order to divisions throughout the state to this effect, naming the Chicago & Northwestern and the Pennsylvania roads as the official routes, over which a rate of one fare for the round trip will be issued, as had been decided upon some time ago. The difficulty has been that the railroads would not agree to sell tickets so as to avoid the necessity of excursionists remaining in Washington for two or three years before the encampment.

Most of the knights from this state will go in a special train over the Chicago & Northwestern road leaving Milwaukee at 7:30 a. m. of August 26.

### GAVE HIS LIFE FOR A TRAIN LOAD

Laborer Killed by the "Accommodation" at Harvard—He Feared a Wreck.

To save the "accommodation" from being wrecked Charles Heidman gave his own life in Harvard. Just as the train was at hand Heidman saw a shovel laying across the rail and sprang to get it. It is said that the shovel was so lying that he feared an accident to the train and gave his life in the attempt to remove the danger. Death was instantaneous. Several ribs were broken and the skull fractured. The dead man had been married but three weeks and made his home at Harvard, where he had been in the employ of the railroad for several years.

### Prohibition Convention.

There will be a prohibition mass convention for the county of Rock at Milton Junction, Monday, August 13 at 10:30 a. m., for the purpose of placing in nomination candidates for county officers. The prohibition candidate for governor, Captain J. F. Cleghorn, of Clinton, will be present at the convention, and at 8 o'clock p. m. will deliver a public address. By order of county committee.

S. R. Titus, Ch'n.

## GAVE HER A DIVORCE FROM A THIRSTY MAN

JUDGE BENNETT GRANTED  
MRS. CONROY'S PLEA.

Plaintiff Was Given the Custody of the Six Children, the Oldest Nineteen, the Youngest Five Years Old—Priority of Beloit Water Power Claims Is Tested.

Maggie M. Conroy was granted a divorce from her husband, John Conroy, on the ground of habitual drunkenness and cruel and inhuman treatment. The defendant, John Conroy, did not appear, consequently there was no contradiction of the plaintiff's testimony. The marriage was solemnized in this city in April, 1873, and the issue of the marriage was six children, the eldest being nineteen, and the youngest five years old. The plaintiff is given the custody of all the children. The plaintiff also gets twenty-five dollars as attorney fees from the defendant. The testimony was to the effect that Conroy for the past year or more had been an habitual drunkard, and was extremely abusive to his wife and children, to an extent that they feared to remain in his presence.

### Title to Beloit Water Power.

Judge A. Scott Sloan of Beaver Dam listened to the arguments in the case of W. T. Randall against the Beloit Water Power Company in Judge Bennett's chambers. The case involves a number of intricate points, one of the most important being the priority of claim on water drawn from the Beloit dam. In fact the case is similar in point to the one decided by Judge Sloan a few years ago relating to the Janesville Water Company, resulting in the distribution of the water power among the several owners and designating the priority of each owner. The case has been before the court for some time.

### Oh, What a Surprise!

What an agreeable one, too, is experienced by the hitherto misguided individual who has been ceaselessly but vainly dosing for years past in the futile hope of curing constipation, when drastic pills and potions are abandoned for Hostetter's Stomach Bitters, a faithful auxiliary of nature, which does its work without griping or weakening, but always effectually. "How physic to the dogs!" and use this bargain and thorough laxative, which achieves results which astonish as well as those who use it. Not only a regular habit of body, but complete digestion and assimilation are restored by its use. It regulates the liver and kidneys and counteracts a tendency to rheumatism. In no case where it is possible to procure it should its use be delayed. Fortify with it against malaria.

### HARPER'S HISTORY OF THE WAR

Harper's Pictorial History is universally recognized as the best history of the war yet published. This superb work has never been sold for less than \$16 to \$30. It has been sold only by subscription and but a very few men have been able to buy it.

The pages are the same size as Harper's Weekly and the work contains all the illustrations appearing in that great paper during the war. The work was edited by Richard Grant White and Henry M. Alden and is authentic, complete and reliable.

We have made arrangements whereby we can furnish Gazette subscribers with this splendid history of twenty-six parts at ten cents a part. These twenty-six parts will contain over one thousand war pictures and will make two handsome volumes when bound.

Many official documents of priceless historic value are quoted in full in the copious foot notes, such for instance as Lincoln's inauguration speeches, articles of federation of the early states, constitution of the United States, ordinance of secession, and many important papers, speeches, etc. The war story is consecutive and very fascinating. The introductory chapters, leading up to the struggle, and the chapter on the reconstruction period, are by some of the first writers of the age.

The morning his tent was lowered he took up a contribution to build him a Janesville home. His plan, as he announced it, was to make this city his headquarters and have people brought here from other towns to be relieved of devils. It occurred to the hearers that there were quite a number of devils left and that a wholesale removal would benefit the county. They subscribed \$300 and the idea that Brother Welch and Brother Devility may desert them in spite of all fills them with grief.

"They will come back, never fear," said one of the flock this morning. "They will return to Janesville before long, go into one of the big halls and give the city such a turning over as it has not had in years."

## SUMMER COTTAGE LEFT IN ASHES.

One Woman Lost Clothing and Jewelry Valued at \$1,500.

Janesville campers report that the summer cottage of Mrs. Asel Morris at Lauderdale Lake, was destroyed by fire at 6 o'clock Monday evening. The loss on the building is estimated at \$1,000 with no insurance. A woman from Chicago, who was visiting at the cottage, lost all her clothing and jewelry valued at \$1,500. There were a number of Whitewater people occupying the cottage.

## We Never Mislead.

When we offer an article at a certain price, the people always get the genuine article advertised. We do not throw out a bait through the news papers, and then try to "pull" off something else. When we advertised Cheney Brothers' silks, 24-inches wide for 47½ cents a yard last evening, the ladies of Janesville responded nobly. The result is that we have not a dress pattern of Cheney silk in the house. See large advertisement in this issue.

Happenings On Janesville Streets Since Morning Are Here Mirrored Accurately for Supper Table Review—Comings and Goings of People Well Known.

THE young men of the Y. M. C. have arranged for a unique lawn social entertainment to be given at the homes of Alex. Graham, O. G. and C. C. Bennett on Milton avenue next Saturday evening from 7 to 11. This is to be made the annual social event by the young men. Refreshments, music, both vocal and instrumental constitute the programme. A reception committee of fifteen or twenty young men will extend cordial greetings to all in attendance. The public is cordially invited.

It isn't necessary for the whole hay stack to blow away to show which way the wind goes; a few straws are sufficient. We don't have to tell you that our trade so far in August is double what it was for '93. Just watch our boxes on the street carried by satisfied customers. They are the straws that tell which way the trade wind blows. Brown Bros. & Lincoln.

It will be a game for blood at Athletic park to-morrow. The Council Bluffs boys must win or they forfeit their share of the gate money. The Janesville boys mean to win, if only to quit even. They didn't like the idea of losing two games out of three, and to lose three out of four would break their hearts.

A. W. STILWELL, of Wichita, Kansas, traveling freight agent for the Santa Fe Railway Company, is spending a few days visiting his mother and other relatives of the town of Harmony, coming here to celebrate the thirty-fifth anniversary of his birth, which occurred on August 4.

In addition to the talent already recruited for the Scotch games the committee have just decided to engage F. Beaton, the champion bagpipe player of America. Mr. Beaton won first prize both at Milwaukee and Chicago. The other pipers and dancers are all of the higher class also.

CHARLES ENNIS of La Prairie, was in the city last evening and became so bewildered that he couldn't manage his team. FOR several years past the Caledonia society has provided the two popular events of the year—Burn's anniversary in January and the Scotch games in August. All Rock county and vicinity will be on the fair grounds Friday, as the entertainment will be first class and of great variety.

Now is the best time to go and see land in Clark county, for sale by the C. S. Graves Land Co. The present price will be the lowest for which it will ever be offered. Why rent a farm or pay a high price for it when you can buy this company at only \$7.50 per acre, easy terms.

HIGHLAND dancing, sailors' hornpipes, tilting at the ring and wrestling will be some of the features of the Caledonian games on Friday. Admission to the fair grounds only 25 cents. Programme begins at 1 o'clock prompt. Secure your seats early.

CONSIDERABLE sickness, mostly summer complaints of the usual kind, is reported among Janesville babies. So far the complaints of the little ones have succumbed to the skill of the physicians, and few homes have been thrown into mourning.

THE ball game between the second nine of the Y. M. C. A. and the River-views which was to have come off to-morrow afternoon at Bunker Hill, has been postponed on account of the ball game at Athletic park and because some of the Riversides cannot be there.

ALL the Light Infantry will go into camp this year with light cotton "sweaters" in place of shirts. They are cooler for work on the range and are better in every way. The company goes into camp next Sunday.

GEORGE N. KINNEY, who has been spending his vacation here has returned to his position with Gage Brothers in Chicago. M. H. Martin of Chicago, spent his vacation at the Kinney homestead also.

HOT weather lends a strong argument in favor of 6 o'clock dinners, and more and more of the local business men content themselves with a lunch in a restaurant at noon.

ALL members of the Janesville Zouaves are requested to be present at their armory this evening, as business matters are to come before the company. E. Baker, Captain.

THE prospects are that the Scotch games this year will beat the record both in point of attendance and interest.

SEVERAL members of the riding club are practicing tilting at the ring, in

view of the Scotch games on Friday. This will be a novel and most interesting competition.

THE engagement of Miss Elizabeth Claire Duganne, of New York, and Frank B. Phelps, son of Judge M. M. Phelps, of this city, is noticed in the New York newspapers. Miss Duganne was formerly of Detroit, but is now a resident in New York. It is understood that the wedding will take place in September at Grace church, New York City.

THE statements made by a certain dry goods house in their "ad" that they are well off and can afford to do business without profit if necessary, reminds us of the story of the man who said he got tight occasionally and had even lied, but did not think he ever stole anything. ## JANESVILLE WAS ON THE GRID-IRON FOUR WEEKS.

Only Six Times for Forty-One Years Have the Bower City People Seen a July of Greater Caloric Intensity than 1894 Brought Forth—The Figures.

Janesville people will be interested in knowing about the hot weather through which they have been dragged of late. With the help of the wise man at the local flag station, we present these figures of fascinating interest:

For June, 1894, the mean temperature was 71 degrees; average maximum 81; highest 91; number of days with 90 degrees or more, 2; precipitation (rainfall), 3.94 inches.

During forty-one years, 1853-1893, three have had a mean temperature for June greater than 71 degrees and six have had a maximum temperature greater than 91 degrees.

For July 1894 the mean temperature was 78; average maximum 81, greatest maximum 102; number of days 90 above or more, 10; precipitation 1.75. Six days in succession (July 19-25) had a maximum temperature over 90 degrees, from 91 degrees to 102.

For the same period of 41 years, six have had a mean temperature for July greater than 75 degrees and three have had a maximum temperature greater than 95; while four have had a precipitation less than 1.75.

During the forty-one years the most remarkable month for heat and dryness was July, 1886. The maximum temperature was 106 degrees. A normal maximum for July is 91 degrees, and the variation as between different years is from 81 degrees to 106 degrees.

The mean temperature in July, 1886, however, was 74 degrees, slightly less than for July, 1894. Seven days were 90 degrees or more in their maximum temperature in July, 1886. The precipitation was 0.79 inches. The only months having less, during the forty-one years, were December, 1890, 0.02 inches; September, 1891, 0.38 inches; October, 1892, 0.36 inches, and October, 1888, during which there was merely a trace of rain.

For the seven years preceding the current year 1887 had ten days in July with a maximum temperature of 90 degrees or over. The next highest was 1890, with only three days.

The average rainfall of July from the records of forty-two years is 4.01 inches.

Scott-Woodman.

At the pleasant home of Mr. and Mrs. C. B. Woodman in LaPrairie last evening there was a solemnized wedding of Miss Lulu Woodman, eldest daughter of the host and hostess to Walter S. Scott of Milwaukee. About thirty friends were present, among those present from abroad being Mr. and Mrs. W. G. Scott of Chicago, Mr. and Mrs. C. W. Wott of Milwaukee, H. A. Fox of Chicago, Mr. and Mrs. O. Hungerford of Oconomowoc, Wis., Mr. and Mrs. W. W. Woodman of Johnson Creek, Wis., W. W. Woodman Jr., of Berlin, Wis., Mr. and Mrs. C. F. Greenwood of Lake Mills, Wis., Guy Lyman of Milwaukee and Miss Blanche Woodman of Berlin.

The bride was attired in cream silk and lace and carried pale yellow roses. The Misses Constance and Maude Woodman and Bertha Procter acted as maids of honor and wore blue green crepe trimmed with cream lace and carried pond lilies. The house was beautifully decorated with rare plants and flowers. The bridal party stood under a drapery of green and pond lilies. The wedding march was played by Mrs. T. Wallis of this city. Dr. Manion of Shopiere, performed the marriage ceremony. The presents were numerous and valuable.

The groom is a rising young business man of Milwaukee, at present foreman with the Milwaukee Harvester company. The bride is well known in this city, and their many friends both here and in Milwaukee, wish them all success and happiness in their new life.

Linke-Morrison.

Zeno Linke and Miss Mary Morrison were married by Dean McGinnity at St. Patrick's church this morning. The groom is a conductor on the C. & N. W. and both he and the bride are from Chicago, although the bride's mother lives in this city. Mr. and Mrs. Linke will make Chicago their home.

## HIS Y. M. C. A. CARD WAS WORTH \$100

Janesville Boy in San Francisco Finds the Value of a Membership.

Young men are constantly applying to the Y. M. C. A. for membership, anticipating the opening of the new building. The enjoyment of association privileges here is not the only return that comes to members. Emil Engelbreton and H. A. Matthews, who have just returned from California, joined the Janesville association before they left. Their membership cards gave them admission to the San Francisco building, made it easy for them to find a desirable boarding place and put good situations in their way despite the hard times and the number of people out of work.

"I wouldn't have taken \$100 for my ticket if I could not have had another," said Engelbreton.

The work on the Janesville Y. M. C. A. building is progressing and the board of directors are compelled to ask the subscribers who have not yet paid up in full to do so at once. The board relying upon the prompt payment of these subscriptions have entered into contracts and made obligations which can not be met, unless the subscribers promptly pay their pledges.

Delay in making these payments will not only embarrass the board of directors, but will seriously hinder and delay the completion of the building.

## JURORS IN AN UNSAVORY CASE.

Twelve Janesville Men Who Will Hear the Serms Testimony.

I. C. Brownell, Henry C. Stearns, John H. Lugg, Otto Kronitz, Martin Hessian, John H. Taylor, F. A. Bennett, Adam Holt, George W. Wise, H. W. Perrigo, Harry G. Carter, Harry A. Moser were the lucky names drawn from the municipal court jury box this morning to serve as the jury in the unsavory case of the state against Ben Serns of Edgerton. The venire was made returnable at 2 o'clock this afternoon. The sheriff reported that only five of the above jurymen—I. C. Brownell, Henry C. Stearns, Johnson Taylor, Adam Holt and F. A. Bennett—could be found, and a special venire was issued for eight talesmen, returnable at once. F. A. Bennett was excused on account of pressing business matters. Sheriff Bear soon returned with the eight jurymen—A. S. Lee, Frank L. Stevens, Charles Curtis, Jacob Brandt, Wallace Skinner, S. Slawson, J. M. Mansur and W. W. Wille—and the trial of the case was commenced at 3 o'clock. It will last until to-morrow. George Metcalf of Edgerton and L. K. Luse of Stoughton, appear for the defendant and District Attorney Wheeler for the state.

## UTLEY WAS NOMINATED.

First District Populists Want Him For Congressman.

Hamilton Utley, editor of the Racine Daily Times, was nominated by acclamation at the populist congressional convention in Racine. Delegates were present from all counties except Lafayette. Henry Smith of Milwaukee, and Mayor Powell of La Crosse, candidate for governor, addressed a mass meeting on the square at night.

Hamilton Utley, the nominee, is a son of the late Colonel William L. Utley, who was one of the leaders of the erst while greenback party. He is the editor of the Racine Times, a paper the politics of which has always been a mystery to democrats and republicans alike. When a few weeks ago there was some talk of launching a populist paper in Racine, it is understood that an agreement was patched up with the populists by which the Times was to come out in support of populist principles, in return for which the empty honor of the nomination for congressman was to be conferred on its editor.

## TENNIS TOURNAMENT PLANNED.

Janesville Players Accept a Challenge From the Beloit Club.

The winners on that day will be matched against Beloit's champions. The tournaments are to have their social side and accommodations for ladies will be prepared at the Jackson pasture. The tournament committee consists of Edward Holmes, M. J. Mouna and Harry A. Ruger.

DRAYMEN IN ARMS  
AGAINST A MOVEDRIVEN FROM PILLAR TO POST  
THESE DAYS.

Chief Acheson Ousted Them From South River Street Today and They Took Refuge on North Franklin Street in the Shadow of the Armory Block.

Janesville draymen are on the eve of a revolution. Just what time the revolution may take shape and spread consternation among movers and those who have occasion to use drays and draymen, cannot be stated; but certain it is, that unless speedy relief is given, people will have hard work to find a drayman. This morning the draymen were ordered off South River street by the chief of police. They had occupied the place for the last two days, or since North River street was torn up by the pavers. All the draymen as if in concert, took possession of the north side of North Franklin street adjoining the Armory block.

"We propose staying here," said Mike Brennan, "until we are driven off by the police. I don't know what will become of us, but we have got to have some place to locate. The council says we must not occupy a paved street."

"We are going to have a representative in the council," said another one of the draymen. "We will elect one of our number alderman and then see if we will be used to mop the streets."

## Fearful Strain on the Judgment.

An aged darkey was sitting on a heap of potatoes sorting out into large and small sizes. Some one said "That must be terribly hard on your back?" "Oh no," said the old negro, "but it's a powerful strain on de judgment." How different in buying shoes of Brown Bros. & Lincoln. No back aches, no purse aches, and the strain on the judgment is entirely removed. The aged or the young, the strong or feeble, the rich or poor are all treated alike. The quality of the goods and the prices make buying shoes at this popular store a pleasure.

## Compare the Garland with Others.

If a certain other range is better than the Garland or as good, why are people who have them, so anxious to exchange them for Garlands and pay the difference? On our floor are two makes of ranges; one is the Garland, the best range ever offered for sale in the world; the other is a very fair range, but nothing in comparison to the Garland. The Michigan Stove Company is the largest manufactory of stoves and steel ranges in the world, and is it reasonable that they will let another concern of much smaller caliber put a range on the market to equal their Garland? Not much! The Garland stands as far above the other inferior range as we stand above our "little competitor."

"Have a good hat; the secret of your looks  
Lives with the beaver in Canadian brooks;  
Virtue may flourish in an old cravat,  
But man and nature scorn the shocking hat.
